### 1.

Let your eyes follow your fatigue  
the windows to the soul be closed  
eyelashes of yours fall to nose  
I know that it's not a mean trick

### 2.

The average becomes an extreme  
you just can't tell the difference  
so I like you trying to fence  
even if there's no chance to win

### Mezihra I

*před refrénem není C*

### Refrén

Your mind is quite strong

But your body is weak

Taste of honey sweet so  
In this case it's wrong

### HS

**3.**

You were so strong a while ago  
a short flash in which all can lie  
no courage is the reason why  
you feint you can't see the sun now

**4.**

Just adapt to that rapid change  
when stemming the tide sounds more fair  
your silent breath will get my care  
although you find it to be strange
